

<b>SJP Prime Power Default 35% Renewable Energy</b>	
<b>Whom do I Contact for More Information:</b>	<p>Mail: City of San Jacinto 595 S. San Jacinto Ave San Jacinto, CA 92583</p> <p>Phone: (951) 665-6812</p> <p>Email: CustomerService@SanJacintoPower.com</p> <p>Website: <a href="http://www.SanJacintoPower.com">www.SanJacintoPower.com</a></p>
<b>Renewable Energy Percentage</b>	SJP's Prime Power product is 35% renewable energy, exceeding California Renewable Portfolio Standards.
<b>What is the Contract Length?</b>	There is no term length associated with your participation in SJP's Prime Power program. Failure to pay SJP charges may result in your return to SCE bundled service.
<b>How Much will SJP Prime Power cost?</b>	SJP Prime Power's 35% Renewable Energy Service rates are set annually by the San Jacinto City Council during a regularly scheduled public hearing. Current rates can be found on our website at: <a href="http://www.SanJacintoPower.com">www.SanJacintoPower.com</a>
<b>Will the rate change over time?</b>	SJP is governed by the San Jacinto City Council. Every year, the City Council goes through a rate-setting process based on the projected energy costs for the coming year. This process is held at a public hearing during the City Council's regularly scheduled meetings. The public is invited to attend and participate.
<b>What other fees might I be charged?</b>	Southern California Edison (SCE) charges SJP customers a Power Charge Indifference Adjustment (PCIA) calculated based on the number of kilowatt hours used each month. The PCIA is intended to ensure that SCE's remaining customers do not pay for energy that had been acquired for SJP's customers prior to their switch. The PCIA "vintage" for SJP customers is 2017, and the amount is determined by rate class.
<b>How will I be billed?</b>	SCE continues to bill for your monthly electricity usage. Your bill will look much as it has in the past.
<b>If I want to terminate service, what is the termination fee?</b>	There is no termination fee should you decide to return to SCE for generation services. You will be subject to SCE's current terms and conditions upon your return.
